

MCQ International is proud to present

Fair Trading for Customer Relations Compliance Training

MCQ International has recently taken over management of CCH Australia's trusted Online Compliance Learning portfolio.

Significant business risk surrounds every interaction and communication between your organisation and your customers. Increasing attention from regulators and the community mean that organisations need to be aware of and pro-actively manage this risk. Risks involve not only legal and financial penalties, but also a potentially damaging loss of reputation. Everyone who represents your organisation has the potential to breach the law, and it matters little whether or not the breach is intentional. This course helps pro-actively manage your risk through comprehensive and practical education.
